# QUALITY POLICY

## The Department of Information and Communications Technology RIX BASULTA commits to:

- lead in pushing the National ICT Development agenda in transitioning the Philippines toward a world-class digital economy.
- endeavor to support the achievement of national development goals through innovation and provision of quality and secure information and communications technology (ICT) products and services compliant with pertinent regulatory and statutory requirements and international standards.
- adhere to the continual improvement of its Quality Management System by maintaining highly competent and committed public servants and by delivering quality services that exceed the expectations of its stakeholders.
